

STUDENT'S TESTIMONIAL

My Parent's / Guardian's Name: Yeo Boon Khim Date: 16/1/09

My Name (Age): Yeo Jie Shen Jackson 15 years old

BEFORE WORKSHOP:

Mainly speaking, it was an embarrassing moment that I am being forced to join this program by my aunt, due to the forward payment made by her.

And mostly speaking I really have no interest in any of her "Plans" because not long ago, I do not want to do anything related to her.

But being forced by my father and my aunt respectively, I have no choice but to come for this particular program. What a wrath...

AFTER WORKSHOP:

At this particular moment where I am finally graduated from, I was somehow feeling great, as I made a lot of friends thru this camp/workshop, I manage to made a good result to prove to my parent and guardians that "I learned something and I matured even more than what you can expect, also I even know how to manage my finance more properly now..."

But I can say that those trainers/coaches are very much friendly especially when they interact with everyone in the camp/workshop to make sure that no one was left out in their 'dream' world.

And practically speaking, this workshop is great in the sense that everyone has the mentality to take down notes on their own free will, (if they want to earn money of course) and it is not just purely boring lessons, but was actually just mainly activities to let us learn thing thru all three ways. (Vision, Audio, Practical)
